katiemccarney@icloud.com

Power Available

(see attached diagrams)

6 ping socket

Quantity

Extension Cords

How many?

N/A

AC Outlets

(see attached diagrams)

Quantity

N/A

Reflection Interferences

My Address does wear glasses. This means that the LED light and natural

light could reflect onto her glasses, meaning you can't see her eyes. She

does and can wear contact, and so this is a possibility for we

can angle the LED lights or even use a reflector to reduce the reflection

Obstructions blocking camera view

N/A
